Dear B'nai Mitzvah Class of 5778,

On behalf of Rabbi Grossman, Cantor Walters, myself and everyone at Beth Shalom, we look forward to connecting with you through the B'nai Mitzvah program. We hope that this year will be a special and meaningful one for you and we want to give you the tools you need to celebrate this special occasion with your family and your community.

In the past we have issued a thick binder full of materials that are important for preparing you and your child for the Bar/Bat Mitzvah ceremony. As part of our effort to be more environmentally conscious and in order to allow you to access the information whenever you need it, we have put most of the B'nai Mitzvah Handbook material on our Beth Shalom website. This change will allow you to print only those items you feel you need to see in hard copy. In addition it will allow us to continually update the site when there are revisions to be made. You can find all of the information at [beth-shalom.net/bnaimitzvah](http://beth-shalom.net/bnaimitzvah) or use the drop down menu under "Life-long Learning" from the home page.

The only items not on the website are those items that contain personal information such as home addresses, phone numbers, student names and other identifying information that could put your privacy at risk.

If, for any reason, you would like a full hard copy of the binder, please let me or a member of the office staff know and we will get you a copy shortly.

Again, you can find all additional materials at [beth-shalom.net/bnaimitzvah](http://beth-shalom.net/bnaimitzvah).

B'Shalom,

Dr. Louis Nagel  
Education Director
